*Re: Trompe L'Oeil mural*

*Hi Jacqui*

*Greg and I are simply thrilled to pieces with the wonderful art work you have done for us. During the process you were so professional and accommodating, I can't thank you enough for always fitting in with our schedule.*

*It was a pleasure to see your smiling face as you arrived, knowing that at the end of your day you would be leaving us with something new and exciting to look at..*

*The end result was even better than we expected and being able to combine our thoughts with yours made it a piece of art that we will enjoy for years to come. As we always enjoyed our spa before having this lovely art to look at there now, makes it even more a delight.*

*I wish you all the best with your future endeavours and can honestly tell anyone who may be thinking of doing something similar to what we have done, to go ahead and do it for sure, they won't regret having their own personal, an individual, piece of art to enhance their house.*

*All the very best*

*Linda & Greg*

*Forest Lake*
